## ORRJHS Goes *Into the Woods*

By Laura Pedulli

Lovers of childhood fairy tales are sure to enjoy Old Rochester Regional Junior High School's performance of *Into the Woods*. The musical intertwines the plots of popular Brothers Grimm fairy tales and follows characters including Little Red Riding Hood, Jack and the Beanstalk, Rapunzel and Cinderella on their quests of self-discovery. These mini stories are linked to the musical's more original story of a baker and his wife and their journey to start a family.

As ORRJHS' new theatre director, Corinne Coates expressed strong enthusiasm for the group of students and the performance. She said that theater was an important outlet for her throughout her youth and understands how it enriches the lives of young people. "It is great to be on this side and see everything done behind the scenes. I love to see what joy it brings to the kids," she said.

Matthew Bourgeois, who is playing the Baker, had never seen *Into the Woods* before but now is a true fan of the show. He especially appreciates the character development of the Baker. "I like the way he shows leadership towards the end. I like that trait," he said. Overall, he said, "The story is interesting. I like how it interlinks many stories into one."

Samantha Babineau, playing the Baker's wife,

shared similar thoughts about the musical. "I like it a lot that we knew the stories as kids, and how they come together," she said. A former Showstopper and recipient of singing lessons, she is amply prepared for her musically demanding role. A few days before showtime, Ms. Babineau said, "I'm feeling good, I'm very excited."

When asked what she likes about participating in the show, narrator Sarah Rogers said, "probably meeting new people," especially seventh graders who she normally doesn't come in contact with as an eighth grade student. Like Mr. Bourgeois and Ms. Babineau, she said she loves the "mesh of fairy tales and how it comes together." On the upcoming performance, she said, "I'm excited and nervous."

More than two dozen cast and crew members are participating in the show's production, set to take place for November 17 and 18. For viewers interested in catching the November 18 performance – which occurs the day the issue hits the newsstand – tickets can be purchased at the door for \$7 for the 7:00 pm show. Doors open at 6:30 pm and tickets are distributed on a first-come, first-serve basis.

## Marion Police Report Surge in Break-Ins

On Tuesday, November 16, the Marion Police Department received reports of at least four motor vehicles that had been broken into during the overnight hours.

The break-ins occurred on Joanne Drive and

Edgewater Lane. In all cases, the vehicles were left unlocked. Small amounts of money were taken from the vehicles, along with some tools.

Residents should be reminded to lock their vehicles and never leave anything of value in the vehicles.

Also, recently, within the past few weeks, a home under construction was broken into on Front Street near the Old Landing Wharf. The owner reported that nothing was missing. Another home on Point Road, near Kittansett, had two television sets stolen. Also, a construction trailer, at a home in the same area, was broken into and a large amount of tools were stolen.

Anyone with information on any of these incidents should contact Det. Scott Smith at the Marion Police Department, 508-748-1212.

Mr. Bryant presented an award to the Sippican Healthcare Center for their assistance in stuffing envelopes and labeling mailings for the SLT. Ann Bishop accepted the award on behalf of the center.

Mr. Bryant said that the SLT is trying to purchase 360 acres at \$1,250 per acre at the Mahoney and McIntire properties located in western Marion between Route 6 and I-195. The area is one of the largest undeveloped land blocks draining into Aucoot Cove. The property includes upland pine, mixed hardwood, forest, shrub and wooded

swamp and freshwater marsh. Wildlife in the area include eastern box turtles and four-toed salamanders. The land is contiguous with hundreds of acres of SLT, municipal and state conservation lands. The plan is to protect the habitat and the watershed as well as allowing for public hiking and walking trails.

The meeting adjourned and Mr. Bryant introduced guest speaker and Rochester resident, John Teal, Scientist Emeritus from Woods Hole Oceanographic Institute and expert on salt marsh ecology. His talk was entitled: "Rising Tides: the Future of New England Salt Marshes." Mr. Teal earned his undergraduate degree and PhD. at Harvard University in biology and is the author of *Life and Death of the Salt Marsh* and over 140 journal publications.

Mr. Teal used a power point presentation to explain the tidal flow in a salt marsh and how the fish, organisms, sediments, wildlife and birds interact within the food chain, each taking and leaving something for the others. "The salt marshes are the nurseries of the ocean," said Mr. Teal. Photos of marshes, at different tidal levels were shown, including some from various countries, including coverings such as mangroves, grasses and cord grasses with the unseen algae growing beneath the surface. Mr. Teal explained the "rotten egg smell" often associated with large salt marshes, saying the smell comes from the sulfur bacteria that live in the mud.

Marshes are home to fiddler crabs, marsh hoppers, fish, greenhead flies, marsh grasshoppers and spiders. Fox, mice, deer and various invertebrates also come and go in a salt marsh. In the United States, most salt marshes are left natural, without much human management, said Mr. Teal. In France, salt marshes are

managed, with rice fields, areas for ducks and shorebirds, salt hay making, and flamingo nesting areas all within one large salt marsh.

Climate change threatens salt marshes through rising sea levels, said Mr. Teal. Ice sheet melting around the globe and rising CO2 levels could cause a one to two meter rise in sea level by 2100, said Mr. Teal. A before and after photo of the New Orleans marsh area showed the dramatic effect of Hurricane Katrina, which decimated the marsh area, which has not recovered from the storm. Mr. Teal predicted more storms in the future. "The storms will be more frequent, but not more fierce," he said. The normal response of a salt marsh would be to retreat further into the land area to survive, but with new housing, roads and culverts near the shore, there would be no place to go, explained Mr. Teal, leading to the eventual death of the marsh.

The solutions to the issues raised include long-term planning for the coastal areas, said Mr. Teal. "Be open minded about the causes of climate change," he said. Supporting efforts to conserve areas where marshes exist and the areas where they could move inland is very important, said Teal. The audience was encouraged to visit the Conservation Law Foundation's web site and to support local efforts to preserve land. A question and answer session followed the presentation.

hearing. According to town clerk Ray Pickles, the town is currently 93 percent residential. Upon the suggestion of representative members of the Board of Assessors, the Board voted to keep a single tax rate.

In a second appointment, the Board met with Gary Carreiro, tax collector, in regards to a proposed Other Post-Employment Benefits (OPEB) trust investment policy. Under an OPEB trust investment policy, the town has the opportunity to engage in a long-term policy with an investment firm to diversify its portfolio and improve its bond rating. Since the annual bond rating is scheduled for December, Mr. Carreiro hoped that the Board would consider the OPEB approach to investment.

"I read the policy and I'm very comfortable with it," said Chairman Blanchette. The Board voted to accept the OPEB trust investment policy.

Under Action items, the Board recognized letters of interest from John Sweeney and Albin Johnson for an advertised opening on the 2015 Oversight Committee. The Board decided to table the appointment, since both of the applicants are elected members of prominent boards: Mr. Sweeney, a member of the planning board and Mr. Johnson, a member of the Board of Health.

"We are back to the same problem again: members of major committees requesting to be appointed to additional committees. I'm not happy about this," said Chairman Blanchette. "We have many opportunities in this town for volunteerism, but time and time again, it is the same people stepping up."

Selectmen Cushing and Henry agreed that it was problematic to continually appoint the same people to additional boards, especially elected officials. Chairman Blanchette encouraged town residents not currently serving on any boards to submit a letter of interest to Mr. Dawson, Town Administrator in the Town House.

The Board then discussed the formation of a Great Hill Turbine Committee. At the previous selectmen meeting, they had decided to form an information-seeking, three-person committee. The Board had hoped to form the committee with three members: a representative

selectman member, a member of the Financial Committee (FinCom) and a member of the Alternative Energy Committee (AEC).

Over a dozen residents in the area of Great Hill, including residents of Piney Point, were present, and asked to speak at the meeting regarding their concerns about whether they believed that the proposed Great Hill Turbine Committee would be properly constituted without the inclusion of members representing abutting resident interest.

Led by Piney Point resident Kitt Sawitsky, the residents expressed concerns about the town advancing lease discussions and negotiations with the Stone family

at Great Hill, for placement of a proposed industrial wind turbine to supply energy to Marion.

Despite the fact that the agenda item was not a public hearing, the Board allowed the residents to present their concerns, as long as they stuck to the subject of the committee formation and not the actual wind turbine debate.

Speaking to issues of health, property devaluation and wildlife implications, residents urged the Board to include someone on the informational committee to consider their best interests.

Resident Lois Gravois said that she generally supported wind energy, calling turbines "kinetic sculptures" that serve a useful purpose, but she did not think that they should be placed in residential areas. She cited health concerns and the "danger of subsonic sound". Ms. Gravois indicated that she thought the turbine would likely be placed across the water from her house.

Resident and realtor Barbara Beatty said that health concerns could include "headaches, seizures, sleep deprivation, anxiety and depression". She said that the placement of a wind turbine could result in a 20 to 40 percent home devaluation for abutters. She said that a resident representative on the proposed committee could represent this concern fairly. She also said that there was a group of 19 plaintiffs currently in a lawsuit against a

local municipality in regards to the placement of a wind turbine, and alluded to the possibility of a similar lawsuit for Marion if the turbine were placed at Great Hill.

"I urge you to avoid a tragic mistake," said Cove Circle resident Steve Cokins. "This isn't the 'not in my backyard' debate... these don't belong in anybody's backyard."

Chairman Blanchette assured the concerned residents that their interests would be considered and that no leases had been discussed. Additionally, he said that any progress on the proposed project would result in public hearings, which would be an opportunity for abutters to voice their concerns.

"This project – if you could even call it a project," said Mr. Dawson, "could not be in a stage more infant than now... there are no plans. There is only a measurement of wind velocity," he said, alluding to the tests that are being done in the area to determine whether Great Hill could even support a wind turbine.

"It does seem like we're stacking the deck," Selectman Henry said in support of the abutters' concerns. Selectman Cushing agreed with Selectman Henry, supporting the placement of an abutting resident member on the committee.

The Board voted to remove proposed FinCom member Alan Minard from the suggested committee

In the Town Administrator's report, Mr. Dawson informed the selectmen that there would be a Tri-Town Board of Selectmen meeting on December 1 in the ORCTV media room at Old Rochester Regional High School.

Under Correspondence, the Board received communication from:

- Brendan McCarthy asking the Board to consider moving the town privilege sticker placement back to the rear bumper, where it was for years before visibility concerns prompted a move to the front windshield.

"This is something to consider... I don't know if there is anything we can do about this now," said Chairman Blanchette. The Board agreed to revisit this issue if resident sentiment indicated need for change.

- A request from Marion School Committee Chairperson Jane McCarthy requesting a Selectman representative in Old Rochester teachers' union contract negotiations. The Board voted to appoint Chairman Blanchette as representative.

- A letter from the Music Hall Advisory Committee citing poor lighting at the Music Hall as a "possibility for a future litigation suit". Upon recommendation of the Committee, the Board voted to

## Animal Advice

### Jay Gould, DVM

#### MICROCHIPS

*My friend told me that I should have a microchip implanted in my cat so I could track him like Lojack enables police to recover a car. Is this true?*

Not exactly. A microchip is a rice sized computer chip with a number embedded in it that is injected under the skin of a cat or dog. A receiver is passed over the pet and the number shows up on a window. A phone call to a clearing house will reveal the name and address of the cat's owner. So a microchip is more like an ID tag than a Lojack.

*How can I get a microchip inserted into my dog?*

Your veterinarian can insert a microchip into your dog or cat. You then register the microchip number and the process is complete. Microchips are an excellent idea for cats that go outdoors as cat are almost always losing their collars with associated ID tags.

the sum of \$152,237 to acquire the fee interest for a 54.2 acre parcel of land in Rochester at Hartley Saw Mills, for purposes of developing a public water supply or supplies, together with related infrastructure and facilities. The article further requested that residents authorize the Board of Selectmen to execute a conservation restriction on the acquired parcel. The Finance Committee recommended passage of the article.

In comments, Chairman Blanchette noted that obtaining the property has been a "priority of the town for 10 years." He said the town had attempted to purchase the land in the past, but the owner did not express interest in selling the parcel until now. Mr. Blanchette also stated that the town received a reimbursement grant for \$45,000 through the Buzzards Bay Natural Estuary Program, thus the true cost to the town would be \$107,237.

The town unanimously approved the article.

**Article 2** asked the town to raise and appropriate or transfer from available funds the sum of \$35,000 to supplement the remaining balance from Article 10 of the Annual Town Meeting of 2008 for purposes of instituting tax foreclosure procedures on delinquent real estate parcels in the Town.

Town Treasurer Gary Carreiro said that the measure is necessary to help collect about \$155,000 owed to the town for 76 parcels with the help of an outside attorney who specializes in land court proceedings. Currently, only \$2,000 is earmarked for collecting the debt, which is inadequate, Mr. Carreiro said.

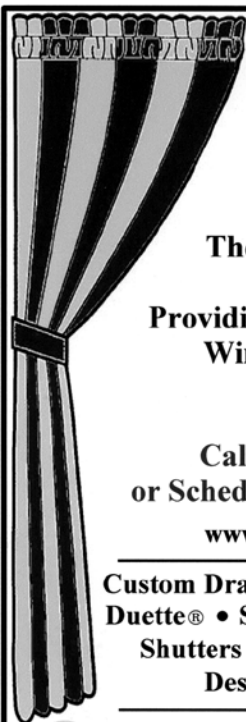

The town approved the measure unanimously.

**Article 3** asked the town to raise and appropriate or transfer from available funds, such as Water Enterprise Retained Earnings, the sum of \$550,000 for the design, permitting, and construction of a 200 gpm resin-based ion exchange water treatment system at the West Well to reduce perchlorate to meet Massachusetts standards.

Selectmen Steven Cushing requested to table the article. He explained that additional information became available showing the need to further examine whether perchlorate levels are a "temporary bubble" or require measures for removal.

A motion to table Article 3 carried unanimously.

**Article 4** requested the town to raise and appropriate or transfer from available funds the sum of \$17,000 to supplement the remaining balance from Article 7 of the 2010 Annual Town Meeting to complete roof

repairs at the Fire/EMS building on Spring Street.

Town Administrator Paul Dawson stated that the measure is the result of errors that occurred when the town sought pricing information for the roof repairs. Specifically, he said that town officials failed to take into account state-required prevailing wages, which increase its costs by one-third. "We regret the error, but we must point out that the project remains an important one. The roof has leaked for over a year and has caused significant damage," he said.

Mr. Dawson stressed that this issue will be resolved with passage of the article. "We've gone through this thoroughly so we don't have to come back again..."

We feel very comfortable that this will be more than enough money. If [the money] is not required, obviously it will not be spent," he said. The measure passed unanimously.

Article 5 asked town residents to authorize the Board of Selectmen to grant easement(s) in a parcel of town-owned land located at 44 Pumping Station Road, Marion Social Club, for the installation and operation of a wireless communication facility and all related equipment and structures. Selectman Jon Henry explained that the article stemmed from a deficit in cell phone reliability, which has resulted in a high number of dropped calls.

It was noted that the land is subject to special conservation restrictions. However, the Massachusetts legislature can overturn that restriction if other land is swapped in exchange and subject to the same conservation restrictions, among other conditions. "We believe in the case of this parcel, the erection of a tower would not impact the use of land as it currently exists. We see no harm to the land, no impediment to enjoyment, and greater Marion community benefit from improved cellular communications," Selectman Henry said.

Town resident Sherman Briggs expressed some concern about potential costs associated with a new facility. "The last time we put up a cell tower, it turned into an expensive proposition. We don't want to put ourselves in a position where we end up with a big expense," he said. Mr. Dawson responded that he felt costs would be minimal, aside from the additional insurance premium. "All additional expenses would be offset by the revenue earned by the town," he said.

Town resident Demie Barros spoke at length about his concerns with the project. He felt that rules established in the 1990s on towers should be adhered to, but Mr. Dawson said that amending zoning bylaws to allow additional towers could be done through the Planning Board. "If [the bylaw changes] are deemed appropriate, it is easy to come to the town meeting to amend," Mr. Dawson said.

"All the work done on the zoning board in the

mid-1990s was all for naught. We made rulings, and now you come up with this," Mr. Barros said.

In response to questions on potential rent revenue asked by resident Chris Collins, town officials estimated that the new tower could increase earnings by 20 percent; currently the town receives about \$88,000 per year from telecommunication companies renting town-owned facilities. Mr. Dawson added that this revenue is directed into the general fund.

One town resident expressed concern about the number of residents unclear about the full implications of the article. He made a motion to table the article. The vote, which required a majority, passed 30 in favor, 20 against.

**Florist To Remain Open During Lawsuit**

By Laura Pedulli

Marion florist Always in Bloom will be allowed to remain open during pending litigation between the town and property owner Sardinha Family Trust.

In the latest chapter unfolding between the Town of Marion and Sardinha Family Trust, Marion Building Commissioner Scott Shippey granted the property Always in Bloom at 454 Wareham Street a six-month temporary occupancy permit on November 10. Currently, Sardinha Family Trust is in litigation with the Zoning Board of Appeals (ZBA), which upheld a Planning Board decision that the developer appealed due to lengthy "unreasonable" conditions attached to a site plan approval. Mr. Shippey determined that the building was safe, and is allowing the business to operate during the litigation instead of shuttering its doors.

"Always in Bloom met the requirements of the ZBA," Mr. Shippey said, which he said contained conditions including required lighting, safety signage and signage codes. He said that during the length of the appeal process – which he said could last for years – Always is Bloom will be able to renew its permit every six

Sardinha Family Trust originally approached the Planning Board last spring with an application for a non-valid, non-conforming use conversion for a new florist business. Always in Bloom is zoned commercial for office use, thus building owner Fernando Sardinha had submitted the application to allow retail use needed for the florist shop to operate. The Planning Board opted to undertake a major site plan review, and after months of hearings arrived to a decision.

In its May 11 decision, the Planning Board approved a proposed site plan but with several conditions, including that the applicant abide by current

parking bylaws, add 11 additional spots in the back, increase the width of the parking lot, add sidewalk and landscaping, adopt a stormwater management system, add a 6 by 8 foot dumpster, add a screening on the southerly property line, and legally combine the lot with the Dunkin Donuts lot, which also is under ownership by Mr. Sardinha. Also, the conditions prohibited snow storage on the back lot. All conditions were required to be met within 30 days.

The applicant appealed the ruling to the Zoning Board of Appeals, which upheld the Planning Board's decision in August.

A discussion on Always in Bloom appeared on the November 16 Planning Board agenda, but Planning Board Jay Ryder indicated that discussion on the matter is "postponed indefinitely."

*ORR District School Committee*

**By Laura Pedulli**

A regular meeting of the Old Rochester Regional District School Committee was called to order by Chairman Peter Bangs at 6:10 pm on Wednesday, November 10 in the Superintendent's conference room at the ORR High School.

At the start of the meeting, Principal Michael Devoll formally presented the Massachusetts Association of School Superintendents' Certificate of Academic Excellence to student Sophia Gabriel. Superintendent Doug White was not present at the meeting, thus Mr. Devoll stepped in to list Ms. Gabriel's accomplishments, which include being an Advanced Placement Scholar and an accomplished dancer with the New Bedford Ballet.

In a letter from Counselor Scott Griffith that Mr. Devoll shared with the committee, he quoted Mr. Griffith as saying, "[Ms. Gabriel] is an accomplished young person who is well prepared for the next phase in her life. She is one of the most prepared students for her next adventure in academic experience."

Mr. Bangs then took the helm of the meeting, and shortly introduced Elise Frangos, the district's new Director of Curriculum and Instruction. "It's been a pleasure to get to know everyone," Ms. Frangos said.

In the high school principal's report, Mr. Devoll discussed the impact of the recent introduction of screenings to identify and help at-risk students. The principal noted a significant drop in the number of students earning Ds and Fs since the introduction of the program. He said at week four of the screenings, a team had screened 294 students who had at least one D or F in a class. Each student was then assigned one of three tiers of intervention. By week eight, the number of students with Ds or Fs had dropped to 204 students. "It's been a great effort from the entire staff," he said.

Suzanne Souza, Food Services Director, reported that lines are still long for cash-paying students, sometimes leaving them only five to ten minutes to eat. She said that a high number of students are not signing up for the point-of-sale NutriKids program, but Business Manager Katie Iernio anticipates that this will change as younger, enrolled students move up through the system.

Junior High Principal Kevin Brogioli then updated the committee on recent happenings at the junior high, including the success of the November 10 Career Day event. He said notables Steve Vaughn and James Lanagan spoke at the event, and Guidance Counselor Beth Martin was particularly critical to the event's success.

Facilities Director Steve Murphy announced that on November 16, a bid is going out to find contractors to install a new direct digital control system. He anticipates that the bids will be available for committee review at the December meeting. "I can't wait to start doing trends

for what's supposed to be on, and what's not supposed to be on," he said. The facilities director also learned that contribution rates from utility companies are increasing, which may financially benefit the school.

Cleanliness at the school also is improving thanks to new cleaning practices developed by the staff, Mr. Murphy said. Mr. Bangs commented on the visible improvement in the "esprit de corps" of facility personnel and commended Mr. Murphy for his efforts to boost morale.

The committee members approved the regular and executive minutes for October 13.

An athletics emergency situation then was brought to the attention of the committee. Athletics Director Bill Tilden and Hockey Coach Scott Hartley approached the committee about the desire to allow middle schoolers to participate in varsity hockey. Mr. Hartley said that the junior varsity team lacks adequate players and the varsity team is short the recommended

22 players. The committee approved the request, with one abstention from member Joseph Scott, to open the team up to the middle school players.

In the financial report, Ms. Isernio said the budget was right on track and received approval for several transfers.

Shortly thereafter, Director of Student Services Teresa Hamm distributed a draft Bullying Prevention and Intervention Plan for committee review. She said the plan will be voted on at the Joint School Committee meeting scheduled for December 8. Anyone in the public interested in commenting on the plan, which is available on the school district's web site, can submit comments directly to Ms. Hamm.

In other business, Mr. Brogioli approached the committee about receiving funding to update one of five computer labs at the junior high due to their outdated technology. He said computers are over nine years old and said teachers and students are frustrated by their slow functioning and general unreliability. "You are not falling on non-deaf ears, I hear you very loudly," responded Mr. Bangs. A discussion arose as to where money in the budget can be found to pay the approximate \$25,000 required to update a lab.

Mr. Scott floated the suggestion of a technology fee, but committee member Robin Rounseville expressed concern about a fee enacted for something that is part of

a student's core curriculum. Committee members Nick Decas and Ms. Rounseville said they would support funding a lab if the monies derive from School Choice earnings or END. Some other suggestions included acquiring the computers from local businesses.

At the discussion's close, Ms. Isernio agreed to work with Principal Brogioli to locate the monies to update the computer lab. "I'll show you the money," she said.

The committee then formally reorganized to appoint newcomer Michael Pellegrino – who was not present at the meeting – to the policy committee.

Then each committee member voted to go into

## Insurance Advisory Board Members Appointed

*Rochester Board of Selectmen*

**By Sarah K. Taylor**

A meeting of the Rochester Board of Selectmen was called to order on Monday, November 15 at 6:55 pm by Chairperson Naida Parker. Selectman Richard Nunes, Town Administrator Richard LaCamera and Administrative Assistant Veronica Lafreniere also attended the meeting.

As the first order of business, the board approved the November 1 meeting minutes.

Under the Selectmen's Signature items, the appointment of members to an Insurance Advisory Board was discussed. Chairman Parker read aloud the list of potential members, which included Kevin Flynn from the Rochester Police Brotherhood, Kevin Woodward of the RMS Teachers Association, Samantha Gomes from the Rochester Dispatch Union, Cynthia Mello, a Management Representative, Frederick Underhill, a Retiree Representative, Veronica Lafreniere, a Non-Union Representative and Richard LaCamera, the Town Representative.

A motion was made by Selectman Nunes to accept these people to the Insurance Advisory Board, and the motion passed unanimously.

The next order of business was the Town Administrator's Report. Mr. LaCamera discussed a contaminated well in Marion, and the series of water tests likely to be conducted in upcoming weeks.

Mr. LaCamera also discussed Rochester Memorial School's furniture auction that is scheduled for December 23. The auction will facilitate the removal of an abundance of older chairs and desks no longer needed. Mr. LaCamera stated that, "as far as the project (the renovation of the school) is concerned, everything is on schedule."

Under Correspondence, the Selectmen motioned to accept a Chapter 48, Section 59A Fire Department Mutual Aid agreement. The agreement basically states that if a firefighter is injured while in a neighboring town, the original town will still be held responsible. The motion passed unanimously.

Next on the agenda, a representative from Verizon answered some questions regarding a proposed pole location. Rochester residents attending the meeting continued to have unanswered questions, and they offered their names and numbers to the representative to be reached by the "the people putting the stakes in" who would be better able to answer specific questions. "Pole Hearing" was then continued until November 29 at 7:05pm.

A presentation was then given by Hal Rood, president of Rochester Youth Baseball (RYB). Mr. Rood explained that RYB is trying to improve their program by eliminating the use of two separate playing fields, Dexter Lane and Gifford Park, and consolidating all operations at Dexter Lane. This would mean less shuttling back and forth for both parents and kids, and allows for the full use of the concession stand at Dexter Lane, Mr. Rood explained. Mr. Rood pointed out that RYB is "Rochester's largest activity program."

Chairperson Parker responded, "This is not really our department. These decisions rest with the Park Commission. They are not accountable to us, nor do we have the authority. I wouldn't want to step on their toes." In the end, Chairperson Parker advised the group representing RYB to "get together with the Girls Softball and the Park Commission."

A future selectmen meeting is scheduled for November 29, and the Christmas Tree Lighting will take place on December 6.

With nothing remaining on the agenda, the board adjourned at 7:40 pm.

other representatives – then presented to the board an informal site plan review for a proposed project off Kings Highway. This project essentially is a bituminous concrete facility on a five-acre parcel of land in an industrially zoned section of Rochester. Mr. Higgins said that Edgewood will submit the full proposal on November 18 and is presenting the informal plan as required by law and to address specific issues associated with the application.

Bill Madden of GAF Engineering took the floor to review at length the proposed asphalt plant, which he said would produce about 1,200 to 2,000 tons of asphalt per day and employ two to three individuals on site. He said the proposed facility is in an industrial zone, but near two residential abutters, with whom the developer already shares “direct correspondence.” He said the proposed asphalt plant requires a Massachusetts DEP “Air Permit,” through which emissions will be tested.

Mr. Madden stressed that the proposed site meets and exceeds setback requirements, and that no wetland resource areas are present at the location. He said the plant is near a reservoir and a cranberry hog operation, but stated that an extensive stormwater management plan, including a sanitary disposal system, will be proposed. This system includes two large retention basins that will hold stormwater, even in the case of a

100-year stormwater event. He said the sanitary disposal system, or a "stormwater screen," will remove 83 percent of suspended material. Further, a mist system will be installed to control dust and airborne debris.

In comments on the large retention basins, which take up 30 percent of the site, Edgewater representatives indicated a desire for some relief from current bylaws to allow for the deepening of the basins. This would reduce the overall surface area of the basins and remove the need for tree clearing. "It makes sense not to clear vegetation and put in a smaller footprint that's better for groundwater quality," Ms. Peterson said. Town engineering consultant Ken Motta agreed that alternatives

should be explored. "My first impression is that [the basins] are a monstrosity," he said.

The representatives asked the board not to require an additional environmental impact assessment report, but allow the developer to delineate environmental concerns in narrative form in the proposal itself.

"Sometimes they take a life of their own and they turn into something we didn't intend them to be," said Mr. Madden. Chairman Johnson agreed that narrative form would be acceptable to help the public gage and understand the environment affects when addressing the proposal during public hearings.

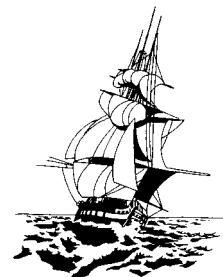

The developer expressed a preference for plastic pipes, instead of concrete pipes, for part of its stormwater infrastructure. "It is much more efficient. We'd like to use that," he said. Chairman Johnson indicated no problem with this request. "It's a burden on them, if the pipe fails they have to pay for it," Mr. Motta of Field Engineering, who works for the town, commented.

John Shevlan, a traffic engineer, said that further studies will be conducted to determine the plant's impact on vehicular circulation. He said he did not anticipate that the plant would be "trip generator." In response to Mr. McGaffey's concerns about rush hour traffic at County Rd, Mr. Shevlan responded, "The peak hour of the roadway does not correspond with the peak hour of the site." Chairman Johnson suggested that the engineer collect data on truck usage by SEMASS.

On comments on whether the plant's roads would be blacktop or gravel, Mr. Florindo urged the developer to consider finished roads to prevent excess dust. Chairman Johnson agreed that dust control would be crucial to the

proposal's approval.

Atty. Bailey requested that the board examine whether the proposal interferes with possible commercial developments, but board member Mr. Bailey stressed, "We don't want [the developer] to spend money to anticipate the future."

Lastly, the board decided to require \$6,000 for the purposes of peer review.

The Edgewater hearing then was voted for continuation on December 11, at which point the official proposal will be presented.

In other discussion, the board provided updates on modifications underway regarding the home occupation bylaw. According to Chairman Johnson, the board is looking to remove the list of allowable home occupations currently in the books and tie restrictions on home businesses to parking requirements. For instance, residential parking would be required to be separated from business parking as part of the proposed modifications.

In the planner's report, Mr. Charbonneau announced that the town hired a new secretary to replace Shirley Darcy. Patty Laforest will begin on December 13.

The board voted to adjourn at 9:10 pm.

**School Report  
Updates from ORR**

By Anne Smith

The school had a pleasant surprise during the lunches last week as the disc jockeys from local radio station Fun 107 came to announce the latest Teacher of the Month. After receiving an entry from one of the seniors about her history teacher, Fun 107 decided to name Old Rochester Regional (ORR) American history teacher, Mr. White, the Teacher of the Month. His class was given a pizza party, and Mr. White received a number of gift certificates as a prize. The disc jockeys made the presentation of awards very lively as they addressed the entire cafeteria through the microphone and speaker system, and made a strong point that Mr. White was one out of hundreds of suggested teachers. Following the presentation, Mr. White gave a short speech thanking the school, his students, and Fun 107 for recognizing him. Mr. White is possibly (I am not certain of this) the first and only teacher from Old Rochester Regional to be granted the title.

This Thursday seems to be one of the busier days of the week at Old Rochester. First, the auditorium will be open at 7:00 pm for the first annual Senior Superlative Gala, which is going to celebrate the seniors who have been voted to receive the superlatives in the 2010-2011

year book. Tickets have been on sale in the Athletic Director's office for the past week and cost \$10. But if you haven't gotten a ticket yet, don't despair! You can also buy a ticket at the door, although those tickets are slightly more expensive at the cost of \$15.

Also on Thursday, but this time immediately after school, there will be a meeting in Ms. Faria's room for students who are interested in the community service/ AFS trip to Panama that will be taking place this summer. Students do not need to be a member of AFS or know Spanish in order to go on the trip. If you are unable to attend the meeting, you should at least stop by Ms. Faria's room in the language hallway to express your interest in the program.

Currently, Mr. Devoll is looking for students who might be interested in volunteering for an hour per week at Sippican School in their homework help program. The program runs from 3:00 to 4:00 pm throughout the week. Any student who may be interested in volunteering as a tutor should give his or her name to Mr. Devoll.

the last of the season. The team played well and when time was called the score was 0-0. The game went into overtime with seven on seven but unfortunately Medway won with one goal. It was not an easy loss but the team was proud of their efforts.

**ORR Girls' Soccer** – The girls' soccer team played hard against Dedham in Westwood. The team unfortunately lost 3-1. **Therese Morse** scored for the Bulldogs finishing her senior season with 21 goals. Second leading scorer **Gabby Kondraki** almost scored but was unable to seal the deal. The team played well in their final game of the season. Keep your eyes open next season, as many of the ORR girls' team will return next year! Congratulations for a good season!

**ORR Cross Country** – The Old Rochester cross-country team finished fourth overall in Saturday's Division 5 meet which took place in Boston. **Dana Dourdeville** won his division with an impressive 16:20 on a 3.1-mile course. He was almost a half-minute ahead of the second place runner. The team's fourth place finish is allowing them to move ahead to next week's All-State meet. Good luck to the cross-country team!

**ORR Football** – Friday night, the ORR football team lost against Dighton-Rehoboth in a disappointing bid to capture the South Coast Conference Title with a score of 29-0. There was a lot of effort to succeed in this SCC race. Quarterback **Mike Asci** had a good short passing game, but ORR needed to run the ball to capture this one. It was a good effort for the team and there was a lot of support by fans. ORR did a nice job of coming back in the season to get themselves to this spot.

### To the Editor:

Children from the Boys and Girls Club of Wareham spent six weeks learning tennis from a group of volunteers last summer. About 25 children participated in two, hour-long clinics held Wednesday and Friday afternoons at the Wareham High School courts.

For the past nine years volunteers from the SouthCoast had been travelling to the Ron Burton Training Village in Hubbardston, MA to teach tennis to underprivileged, inner-city youth from around the

country. This past summer the program expanded to the Wareham area, where most of the volunteers live, introducing tennis to the Boys and Girls Club in Wareham. There was no cost to youngsters participating on a space-available basis.

Since the age levels varied, we held two tennis tournaments that included ages 9 to 10 and the other was 11 to 13. Winners were awarded top-of-the-line racquets instead of traditional trophies. ### Holiday in the Park

The Mattapoisett Board of Selectmen wishes to extend an invitation to all town residents to attend the town's Fifth Annual "Holiday in the Park" under the Big Tent. The festivities will take place on **December 4** from 3:00 to 5:00 pm at Ship Yard Park. Please come and bring your families to enjoy all of the activities and fun. All food is free and provided by local establishments.

Santa and Ms. Claus and all of their friends will be arriving at 3:15 pm. There will be ornament making

and face painting for the children. Also, residents can stop by the Mattapoisett Free Public Library for story time and a craft from 3:00 to 4:00 pm and the Mattapoisett Historical Society and Carriage House from 1:00 pm to 3:00 pm. Boy Scout Troop 53 will be selling wreaths and poinsettias with free hot chocolate and hot coffee at Town Hall from 9:00 am to 1:00 pm. The tree lighting will take place at dusk, around 4:45 pm.

Please bring an unwrapped gift for children in need, and a canned good, sponsored by the Mattapoisett Lion's Club. Music performances at Ship Yard Park include: Old Hammondtown Concert Band with Director Paul Halpainy; Old Hammondtown Chorus with Director Willow Dowling; Traditional Holiday Songs performed by The Harpoon Harmonizers and The Occasion Singers, both under the direction of Sandy Morgan; and background music provided by Rick LeBlanc.

### ORRJHS Senior Thanksgiving Banquet

The 20th annual Thanksgiving Dinner for Tri-Town senior citizens, sponsored by the eighth grade class at Old Rochester Regional Junior High School, will be held on Sunday, **November 21**, at 12:00 pm in the ORRJHS cafeteria. Doors will open at 11:15 am. 300 tickets will be available, 100 per town, distributed through the local Councils on Aging. Shut-in meals will be available.

survivor's cancer journey. The American Cancer Society defines a caregiver as a family member, friend, loved one, or other support person who lends physical, emotional, or other support to someone throughout the cancer journey. The month of November is Caregiver month. Please say "Thank You" to a cancer survivor's caregiver for all they do or have done to support a cancer survivor.

Local volunteers are a huge part of a nationwide effort to save lives from cancer, but additional people are needed for the progress to continue. Plans are under way for the Society's annual fundraiser, Relay For Life of Tri-Town, which will be held at Old Rochester Regional High School in June 2011. The money raised at Relay enables the American Cancer Society to deliver on its mission of helping people stay well, helping people get well, finding cures and fighting back against the disease.

If you are passionate, enthusiastic, creative, fun-loving and spirited, we need you. Please join us at the next 2011 planning committee meeting at Old Rochester Regional High School on **December 7** at 6:00 pm.

Sarah Sollauer, Maya Doonan, Maeve McEnroe, Kylie Stupalski, Lauren Craig, Selena Carvalho, Mikayla Mooney and Olivia Ucci. The Youth Theater program director is Nancy Sparklin. Marion Art Center offers theater classes for children in grades 1 to 8. The next session will begin in January 2011.

A "Let's Pretend" Party for boys and girls ages 5 to 8 will be held on Saturday, **December 4** at 1:00 pm. This unique entertainment features imaginative interactive stories, games, music and make-believe with Beverly Hilliard, beloved ARTCAMP counselor famous for her many "voices," especially mice! The event will last about an hour and give parents a chance to shop while kids' imaginations will be enchanted as characters come alive and creative fun sparkles. A cupcake and cookie buffet will top off the party. Reservations recommended, call 508-748-1266. Donations accepted.

On **December 11**, the Marion Art Center will present Timothy B.W. Wade, sculptor, who specializes in Ice, Snow and Sand carvings for special events. Mr. Wade's creation will be in Bicentennial Park beginning at 10:00 am. Also in conjunction with the House Tour on that day, MAC will host Carol LeBeaux, hand-cut silhouette artist, 10:00 am to 5:00 pm in the theater decorated for the Holidays with Cecil Clark Davis memorabilia on display, too. Reservations for these heirloom portraits may be

made in advance by calling the Center at 508-748-1266.

Not sure what to give someone for a present? Consider a Marion Art Center membership. It supports the unique, fifty-three year old community center for the arts and helps promote the visual and performing arts in the area through classes, exhibitions, productions and special events like the Halloween Parade. Donations to the Bell Tower Restoration project are also accepted. Gift certificates are available.

### Professional Arts and Craft Fair

The Upper Cape Tech's PTO is hosting its 16th American Made Professional Arts and Crafts Fair on **November 20 and 21** from 10:00 am to 3:00 pm. The event will take place at Upper Cape Cod Regional Technical School at 220 Sandwich Road in Bourne. For more information, call 508-759-7711, dial voicemail 117.

### Machacam Club

The Machacam Club will hold its monthly meeting on **December 3** at the Legion Hall, 3 Depot Street. Social time is 5:30 pm, dinner at 6:00 pm.

The club is quite fortunate to have Deputy Sheriff Lisa Budge-Johnson Outreach Coordinator of the Plymouth Sheriff's Office returning. Her last meeting occurred in February and featured, among other things, a demonstration of her dish washing skills. The club has assured Lisa that this time her time will be devoted to her subject: "Identity Theft and Scams" with no "Kitchen Duties" required or expected. Lisa's presentations have always been informative, as well as, enjoyable.

Callers are asked to bear in mind the importance of call list accuracy. Please report your lists not later than 9:00 pm November 29 by calling 508-758-9311 or Email [GPFNR@AOL.COM](mailto:GPFNR@AOL.COM). ## Christmas for Our Troops

Cape Cod for the Troops is getting ready for the Christmas Care Package program and needs your help. Our goal this year is to send 1,500 Christmas Care Packages to our troops serving in Iraq and Afghanistan. We only have seven weeks to collect supplies and raise about \$35,000. No matter where you live, you can help with the Christmas Care Packages. Have a collection drive for supplies at work, school, church, or organization for supplies. Make a monetary donation. Checks can be made to Cape Cod Cares for the Troops, 1831 Long Pond Road, Brewster, MA 02631. Write Christmas Cards or Letters to our troops. Help pack the Christmas Care Packages on November 20 and 21 (see web site for details). Please e-mail [capecod4thetroops@comcast.net](mailto:capecod4thetroops@comcast.net) or call 774-216-9052 or 508-896-6424 if you have any questions.

There is also a drop box at the MailBox Services, 82 County Road, Mattapoissett for anyone that wishes to drop off a care package. Check out the website, [capecod4thetroops.com](http://capecod4thetroops.com), and you will find a list of the items that are needed by the soldiers. If you should have any further questions, please contact the Veterans Office at 508-758-4100, Ext. 212.

## Have you been involved in an accident?

**Is your insurance company trying to steer you to a repair shop you don't know?**

You have the right in Massachusetts to go to any licensed and bonded auto body repair shop of your choice. Collision Services of Marion, Inc. is licensed and bonded. We work with all insurance companies, for the hourly rate they pay.

**Are they intimidating you, telling you they will not guarantee the repairs unless you go to one of their referral shops?**

Collision Services of Marion, Inc. guarantees all repairs. Referral shops repair cars for the insurance. We repair the car for you.

So, tell your insurance company no thank you, I'm going to go to Collision Services of Marion, Inc. There are insurance companies in Massachusetts that feel they are the biggest lion in the jungle. If you feel that you are being intimidated by the insurance company, or that the referral body shop did inferior work, stop by Collision Services of Marion and ask for the LION HUNTER!

### New Bedford Holiday Tour

Herald in the holiday season with the New Bedford Preservation Society on their 19th Annual Holiday House Tour on Saturday, **December 4** (4:00 to 8:00 pm) and Sunday, **December 5** (1:00 to 5:00 pm). Get in the yuletide spirit at this popular holiday event – a must for architecture and history enthusiasts! Experience the history and appeal that New Bedford is noted for as you visit historic homes that have been decked in festive holiday décor. Along the way, you'll enjoy greetings from historic characters in period costume.

The magnificent Rotch-Jones Duff House and Garden Museum will be included in this year's tour with its gala holiday décor and designer-decorated rooms. Additional highlights at RJD will be a Festival of Tables and a New Bedford Museum of Glass exhibit. The popular "Spot the Victorian Peppermint Pig Scavenger Hunt," an addition to last year's tour, will again be part of the tour with proceeds from the sale of the pigs (available at tour headquarters) benefitting the society's scholarship fund. View a sneak peak video of last year's tour at the society's website: [www.nbpreservationsociety.org](http://www.nbpreservationsociety.org).

## "Scarves for Soldiers" Inspires Philanthropy

By Laura Pedulli

If you've been in Plumb Memorial Library in Rochester recently, a large pile of colorful, hand-knit scarves may have caught your eye.

With help from countless knitting enthusiasts, the library recently became the collection and distribution center for the local philanthropy effort, Scarves for Soldiers. Rochester resident Diane Nunes hatched the idea, partly inspired by the 1,000 scarves recently donated by the Greater New Bedford Vocational and Technical School and a local country radio station to soldiers deployed abroad.

Last April, the project began by encouraging locals to begin knitting scarves destined for soldiers in Afghanistan. With funding from Friends of Plumb Library and the Rochester Lions Club, Ms. Nunes arranged for the purchase of supplies from a local arts and crafts store and urged people to get out their knitting gear for a good cause.

Last week, the library had collected over 179 scarves, which already are bound for the offices of United Services Organizations (USO), which will assemble the goods into "Care Packages" as part of Operation Gratitude. To abide by military dress code, scarves only could be made from wool or cotton and had to meet certain length and width parameters. The military also does not allow acrylics due to potential damage it can cause to skin if exposed to fire. Moreover, the military rejects scarves with any fringe material. Neutral and camouflage-pattern scarves were accepted, according to Gail Roberts, director at Plumb Memorial Library.

In total, 51 individuals signed up to participate last spring. Although one-third of them did not complete the project, many participants knitted multiple scarves. Moreover, one knitting teacher from Mattapoisett contributed her class' scarves to the project in one large donation, Ms. Roberts said.

In reflecting on the event's success, the library

director remarked that scarves would sometimes end up on the library counter with no one claiming credit. "I'd come in after work on a Monday and there would be a scarf on my desk," she said. Ms. Roberts pointed out that many contributed with a desire to help but with no requirement of personal recognition.

However, the library did want to honor contributors and to that end, it hosted a thank-you tea on November 10 to bring together the knitters. About 19 knitters attended the Wednesday morning event, which Ms. Roberts described as a successful and great meet-and-greet opportunity.

For attendee Louise Trolley, who knitted three scarves for the project, the tea was a chance to socialize with other knitters and build community ties. "It was really nice to drink tea and sit around the table and

chit-chat. It was just fun to meet all of the people. I thought the whole thing was marvelous," she said. Ms. Trolley also said that the ability to learn the names of people she frequently sees around the town was an added benefit.

"[The scarf project] made me feel like I'm giving back something. We all feel we should give back. Everyone has family in service in Afghanistan or Iraq and it's very good to

help," added Ms. Trolley. She said that even as an amateur knitter, it was empowering to do her part to help.

After this successful first year, the group of philanthropic knitters already are plotting for next year. "[The knitters] are eager to do something next year," Mr. Roberts said. "Right now we are thinking more local." Some ideas floated by the group include knitting clothes for the nonprofit Gifts to Give.

Talking about the recent project Ms. Roberts recalled an instance when a patron, who has a son deployed abroad in the military, offered her heartfelt gratitude for the work that was done. "She was so grateful," she said.

With winter approaching in Afghanistan, the scarves could not have come at a better time.

afternoon tour start at the Wamsutta Club, 427 County Street, tour headquarters, where a pre-tour holiday brunch will be held on Sunday from 11:00 am to 1:00 pm, along with a holiday raffle of gifts, art, handcrafted items and generous gift certificates donated by local merchants. Discounted advance tickets (\$19 with \$2 discount to Society members) are now on sale at the following locations: Elaine's at the Black Whale, New York Shoe Repair (for credit card sales), The Surrey Shoppe, Periwinkles, Baker Books, Davoll's General Store, The Ultimate Touch, The Woodhouse Shop, Roseland Nursery and the Marion General Store. At the door, all tickets will be priced at \$23.

Cost of the Sunday brunch is \$17 (all-inclusive, tax and tip), and reservations may be made by calling the Wamsutta Club at 508-997-7431. The Annual Holiday House Tour is the Society's signature fund-raising event. All proceeds benefit the work of the Society in its efforts to sustain and promote historic preservation in New Bedford through such projects as the historical building marker program, historical cemetery tours, walking/trolley tours, the Re-Leaf tree-planting program, the newly formed scholarship fund, the publication of self-guided walking tour brochures, lectures, and more. For more information, please call the New Bedford Preservation Society office (388 County Street, New Bedford) at 508-997-6425 or visit [www.nbpreservationsociety.org](http://www.nbpreservationsociety.org).

## MOVIE REVIEW

# Up Up and Away

By Rob Gonsalves  
www.robsmovievault.com

**Skyline.** Starring Eric Balfour and Donald Faison. Directed by Greg and Colin Strause. Running time: 100 minutes. MPAA rating: PG-13.

*Skyline* puts me in an odd position: I couldn't wait for it to be over, but I'd love to see the sequel it promises. The visual-effects veterans who directed it, Greg and Colin Strause, very obviously lay the groundwork for *Skyline 2* in the final moments, wherein a character gets his head torn off and his entire brain and nervous system implanted into an alien body. This character apparently survived the process with his human consciousness and conscience intact, and the last shot finds him in a heroically defiant stance, like some insane hybrid of paintings by Frank Frazetta and H.R. Giger. I sort of wished the preceding 95 minutes had been telescoped into five minutes, because the real movie seems to begin here, with Big Ugly Dude ready to fight other Big Ugly Dudes to save mankind. If *Skyline* were a comic book, it might be an origin story.

As it stands now, *Skyline* feels like feature-length padding. We spend most of our time with a few people, played by actors familiar from TV (Eric Balfour, Donald Faison), as they try to make sense of what's happening to Los Angeles. Aliens have come, some looking like biomechanical mollusks, all looking great; they were designed by veteran monster-makers Alec Gillis and Tom Woodruff Jr., and they have a slimy, ominous fluidity as they float next to L.A. buildings and scan the windows for any humans inside. The main characters rarely venture outside, so we're stuck with them inside a few swanky apartments for almost the whole movie. A recent episode of *Community* that never left the study

room knowingly called itself a "bottle episode," industry slang for a TV segment that saves money by sticking to one location; *Skyline*, I guess, is a bottle movie.

Illogic abounds here. Donald Faison and his girlfriend try to escape in his car, which gets promptly smashed by a giant alien foot; seconds later, Faison tumbles out of the car without a scratch. The military gets involved, blowing alien spacecraft out of the sky, along with the thousands of still-living people that have been sucked up inside them. The human characters are generally so dumb that one wonders why the aliens are so keen to collect their brains. The dumbness extends to incidental stuff in the script, such as a joke about two men having an intimate moment that's broadcast, unbeknownst to them, via webcam to laughing partygoers pre-invasion. Really? After what happened to Tyler Clementi, you *had* to leave that joke in, guys?

But then this is a movie in which a character very adamantly feels that the best line of defense against the aliens is bedsheets taped over the windows. I kind of loved that detail, as well as a bit when a pregnant woman stands away from a smoker to protect her baby while all hell breaks loose everywhere in L.A., or when a character gets a gorgeously cheesy final line before blowing up an alien attacker. The only consistent thing about *Skyline* is its stupidity — sometimes bad, insulting stupidity, sometimes good, entertaining stupidity. Then there's that ending, which portends the sort of stupidity I'd like to see more of.

### **Rochester Green Ways**

When driving through Rochester, you may not realize that many of the roadside trees and gardens are the handiwork of the Rochester Green Ways Committee. You may have seen us out digging, weeding or planting in the town center (including Plumb Library), Hartley Road, and the Bradford Lane/Grange areas.

The Green Ways Committee started because several of us noted that old pictures of the town showed our roads lined with stately elms. When Dutch Elm Disease wiped out these trees, nothing was planted in their place. We began planting memorial trees along the curve of Rounseville Road at Plumb Corner in the spring of 2001. Green Ways doesn’t have a line in the town’s budget; instead, we rely on donations from folks who wish to honor or remember someone special by planting a tree. If you look closely, you will see an engraved brick below each tree. After considerable research, the committee chose ten species of trees to plant, knowing that a variety of trees reduces the risk of loss from new

diseases.

In addition to planting memorial trees, we also plant and maintain the gardens in the town center and at the intersection of Walnut Plain and Marion Road. Last year, we planted a wildflower garden on either side of the path that connects Dexter Lane and New Bedford Road. Unfortunately, the spring floods killed our plants, and we missed this summer’s show of color. We are planning to replant in the spring of 2011. We are currently seeking grants to pay for the plant material. Alternatively, we would love to have folks, who have a perennial garden with native wildflower species, donate plants if they divide their clumps in fall or spring. A good source of the plants we used and are looking for is the Wildflower Seed-North East from American Meadows.

## SALOME'S STARS

**ARIES** (March 21 to April 19) Your ruling planet, Mars, allows you to assume a sense of command that can help you turn a chaotic workplace situation into one that's orderly, productive and, yes, even friendly.

**TAURUS** (April 20 to May 20) Getting a relationship that's been stuck in a rut up and running again depends on how far you want to run with it. Be honest with yourself as you consider which decision to make.

**GEMINI** (May 21 to June 20) Be wary of rumors that seem to be coming from everywhere this week. Waiting for the facts before you act means never having to say you're sorry you followed the wrong lead.

**CANCER** (June 21 to July 22) A difficult personal matter might prompt you to turn to a trusted friend to help you sort through a maze of emotional conflicts. The weekend should bring some welcome news.

**LEO** (July 23 to August 22) Some of the new people coming into the Lion's life could play pivotal roles in future personal and professional matters. Meanwhile, an old friend might have an important message.

**VIRGO** (August 23 to September 22) A delay in getting things moving on schedule can be a blessing in disguise. Use this extra time to do more research so you can buttress any of the weaker points with solid facts.

**LIBRA** (September 23 to October 22) You might need to get involved in a personal matter before it becomes a serious problem. Also be wary of someone offering to mediate unless you can be sure of his or her motives.

**SCORPIO** (October 23 to November 21) Taking sides in a workplace or domestic dispute could prolong the problem. Stay out and stay cool. Then you can be friends with both parties when things settle down.

**SAGITTARIUS** (November 22 to December 21) A friendship has the potential to become something more, and with this week's aspects favoring romance, you might feel that this possibility is worth exploring.

**CAPRICORN** (December 22 to January 19) The new job you want might require you to relocate. If so, keep an open mind and weigh all the positives and negatives before making your decision.

**AQUARIUS** (January 20 to February 18) A new relationship seems to be everything you could have hoped for. Congratulations. Meanwhile, it's not too early to get some feedback on that new project you're working on.

**PISCES** (February 19 to March 20) You might have decided to get out of the fast-moving current and just float around hither and yon for a while. But you might find that the new opportunity is too tempting to turn down.

**BORN THIS WEEK:** You believe in bringing out the best in people with kind deeds, loving words and recognition of their "special" selves.

at Carver Public Library, 6:30 pm on Thursday, **December 2**. Incumbents Kimberly Lafleur, Doug Schneider and Mike Baptiste are running for re-election to the board.

Join PCCD for its annual "Pie and Coffee Meeting," all are welcomed. Speakers this year include Stephanie Schmidt, from the Manomet Center for Conservation Sciences, with information on Pollinator Habitats, and Aaron Dushku from NRSC, with an update on the new geospatial products available from the USDA in 2011, including 2010 Infra-red imagery and LIDAR data.

Any landowner in the county is eligible to run for a three-year term, voting is open to all Plymouth County residents; PCCD meets monthly to consider natural resource problems within the county and in particular those related to agriculture. The board of supervisors sets local priorities for USDA Natural Resource Conservation Service programs. All PCCD meetings are open to the public and they are especially encouraged to participate in the annual election. USDA programs in Massachusetts are broad and varied because the farming activity is unique, specialized and diverse.

### Christmas Fair

Wampanoag Council #15 is hosting a Christmas Fair on Sunday, **December 5** from 10:00 am to 2:00 pm. The event – which includes crafts, gifts, baked goods, raffles and a luncheon – will take place at Redmen Hall at 754 Main Street, Wareham. For more information, call 508-748-0132.

### Call for Food Donations

Community Resources Network is asking the public's support to help provide Thanksgiving baskets to needy families in Wareham, Rochester, Marion, Buzzard's Bay and Onset. For the past 19 years, contributions have made it possible for CRN to fill baskets with turkeys and all the fixings that provide a traditional Thanksgiving dinner for hundreds of families.

Food donations – any nonperishable items – may be delivered to the First Congregational Church Hall, 1 Gibbs Ave., in Wareham on Sunday, **November 21**, starting at 1:00 pm. All contributions are welcomed, including monetary ones, which help to purchase additional items needed.

The baskets will be distributed on Tuesday, November 23 at the Congregational Church Hall. If you know of a family who may truly need a basket, please call the Community Resource Network Office at 508-295-0080

## Amber Waves

## First Annual Bulldog Dash

Old Rochester Regional has just the plan to help you work off all that Thanksgiving turkey and pumpkin pie. On Saturday, **November 27**, come to the Old Rochester campus and join in the First Annual ORR Bulldog Dash.

Whether you are 3 or 73, you can join in the fun as well as contribute to the fund raising efforts that will help to offset fees students must pay for all extracurricular activities.

Races are planned for all age groups. The event will start at 9:30 am with the pre-school and elementary school races, and the adult race will follow at 10:30 am. The races are on, rain or shine. The courses for all events are start-to-finish on the ORR campus, 135 Marion Road (Route 6) in Mattapoisett.

The three scheduled races are a wheel-measured 2-mile challenging course through the campus of ORR, open to all ages; a Pre-school 100yd Dash (for ages 3 and 4); and the Elementary ¼-Mile (1 lap track run) for grades K-6. Students may only participate in one event. A non-competitive walk will also take place at the same time as the adult race.

Entry fees for the events are as follows:

- \$15 registration (walkers, runners, and students)
- \$20 Post-Entry (Day of Race)
- \$10 for children Pre-K through Grade 6 not running the main race

### Animal Advocates Fundraiser

Animal Advocates is pleased to announce its 14th Annual Four Paws Charity Auction for Homeless and Abandoned Dogs and Cats on Saturday, **November 20**, from 6:30 to 9:00 pm. Viewing time for the Silent Auction is 6:00 pm. This year it is being held at the Hawthorn Country Club in Dartmouth, on Tucker Road. We are delighted to have our Auction at a beautiful location again this year at the Hawthorn Country Club. Complimentary cheese and crackers and veggies and dip will be provided to Auction guests. Admission is free.

This year we have a spectacular Auction with hundreds of beautiful items and original art from SouthCoast's most gifted artists and hundreds of gift certificates and merchandise from many restaurants, stores and shops. Many of the items at the Auction are unique, and you won't find them anywhere else. There will be original paintings and artworks by many local gifted artists, glassworks and antique glassware, new and antique jewelry and accessories, china and pottery, furniture, antiques, books, children's toys and young adult items, weekend get-a-ways, lots of pet toys and

gifts, Holiday gifts and handmade beautiful baskets and handcrafted items. We have Boston Red Sox and sports memorabilia, lots of gift certificates to restaurants, shops and services, salons, spas, massage and pampering services, health and holistic services for people and pets, sports items, celebrity memorabilia, and much more. There will be something for everyone; with over 300 to 400 items, many of them new.

Our programs provide spaying, neutering and healthcare service for the elderly, disabled, low-income and single parent households searching for financial assistance for their animals, in addition to spaying and neutering homeless abandoned dogs and cats and feral cats. Our programs would not be possible without the public's attendance and support of this event!

We can only reach our goals and reach out to needy pets with your help and support.

If you are able to donate and help us reach out to animals in need, or volunteer, please call us at 774-888-9008. For more information, please call (508) 991-7727 or 774-888-9008, or e-mail us at animaladvocates@comcast.net. Animal Advocates is a nonprofit charitable humane animal organization for cats and dogs committed to preventing pet overpopulation and the needless suffering of homelessness. ### Massachusetts Veterans' Benefits

• **Chapter 115 Benefits** – The Commonwealth of Massachusetts is the only state in the Union that has made a provision by state law to provide veterans in need of financial assistance with food, housing, clothing, employment and burial assistance. Veterans and widows may qualify for a "medical only" budget if their income is below federal poverty level; single: \$1,805 per month, married: \$2,428 per month.

For further information, please contact the Veteran Service Office for the Towns of Mattapoisett and Rochester at 508-758-4110, ext. 212.

• **How to Display Your Flag** – It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24-hours a day if properly illuminated during the hours of darkness. When displayed either horizontally or vertically against a wall, the union (or blue field) should be to the observer's left. When displayed in a window, the flag should be the same way, with the union to the left of the observer in the street. No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea and for personnel of the Navy, when the church pennant may be flown above the flag. These tips are brought to you from the Office of Veterans' Services for Mattapoisett and Rochester.

### Be a Foster Parent

Your open door is hope! Become a foster parent. Dare Family Services is seeking caring families to provide foster care for area children. While helping a child, you will receive excellent training, 24-hour support and a tax-free stipend toward the child's care. For more information, please call 508-802-9515.

### Be a Part of the Road to Recovery

The American Cancer Society's Road to Recovery program is in great need of volunteers to drive local cancer patients to and from their life-saving medical appointments. An integral part of treating cancer successfully is making sure cancer patients receive their treatments, but many find making transportation arrangements is a challenge. The American Cancer Society provided more than 7,900 rides to cancer patients in Massachusetts last year, but needs new volunteer drivers to keep up with the demand for transportation.

"I decided to get involved with the American Cancer Society's Road to Recovery program because it seemed like a very simple way to be able make a difference, and it was just one hour a month," said Beth Riccitelli of Somerset who has been a driver for almost two years. "I was also newly retired and didn't mind driving, so Road to Recovery was the ideal way to meet new people. It really feels good to be able to provide transportation to a patient in need of a ride. Everyone is so thankful, and I have been able to make some wonderful friends."

You too can make a difference in the fight against cancer by becoming a driver for the American Cancer Society's Road to Recovery. Drivers use their own vehicle to drive patients to and from their treatments. The schedule for volunteers is flexible, treatment appointments take place weekdays, primarily during business hours. If you or someone you know is interested in becoming a volunteer driver for Road to Recovery,

### Friends Academy Parenting Talk

On **November 29** at 6:30 pm, in the library of Friends Academy at 1088 Tucker Road, North Dartmouth, PhD candidate, Kristen Costa, will offer the program "Where's My Reset Button?" This program is free and open to the public.

Whether your kids are easy-going or ultra challenging, being a parent is no easy feat. In the middle of taking care of kids, parents often forget to take care of themselves. This can lead to frayed nerves and
